

TIKI CHILOMO

Computer Science Graduate · Web Developer & IT Technician

Lusaka, Zambia | +260 978 918 196 | chilomotiki@gmail.com

[LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Analytical and detail-oriented Computer Science graduate with hands-on experience in web development, data analysis, and system design. Proven ability to build data-driven applications and business systems that improve efficiency and support decision-making. Combines technical expertise with real-world sales experience to develop solutions that capture leads, optimise workflows, and drive revenue growth. Adaptable, self-motivated, and committed to delivering practical, high-impact solutions.

CORE SKILLS

Programming	HTML, CSS, JavaScript, PHP
Web Development	Responsive Design, WordPress, Full-Stack Applications
Data & Systems	Data Analysis, Chart.js Dashboards, Database Management
Tools & Platforms	XAMPP, Node.js, MongoDB, MySQL, Microsoft Office Suite
IT Support	Troubleshooting, System Maintenance, Setup & Configuration
Soft Skills	Problem-solving, Client Communication, Teamwork, Adaptability

PROFESSIONAL EXPERIENCE

Freelance Web Developer & IT Technician

2022 – Present

- ▶ Develop and maintain data-driven websites and web applications for businesses across various industries
- ▶ Design and implement management systems for tracking, monitoring, and operational workflow automation
- ▶ Build interactive dashboards and data visualisations to support business decision-making
- ▶ Collaborate closely with clients to deliver efficient, user-focused digital solutions on time and within scope
- ▶ Provide IT support including hardware/software troubleshooting, system maintenance, and setup

Sales Agent & Car Dealer

2020 – 2022

- ▶ Managed client relations, negotiations, and end-to-end sales processes in the automotive sector
- ▶ Developed strong interpersonal and business communication skills working with diverse clientele
- ▶ Applied sales experience to inform the development of lead management and CRM-style applications

KEY PROJECTS

T&M Motors — Car Sales Management System

Tech Stack: HTML, CSS, JavaScript, Node.js, MongoDB

- ▶ Designed and developed a full-stack web application enabling car dealers to capture, manage, and track customer leads in real time
- ▶ Implemented structured workflows that reduce missed opportunities and improve follow-up efficiency

- ▶ Built user-friendly dashboards to monitor leads, sales activity, and performance metrics

Mining Equipment Rental & Tracking System

Tech Stack: *HTML, CSS, JavaScript, PHP, MySQL*

- ▶ Built a PHP-based system with real-time database tracking for managing equipment rentals
- ▶ Enabled efficient monitoring of asset availability and usage history for operational oversight

Interactive Map of Zambia — Data Visualisation Platform

Tech Stack: *HTML, CSS, JavaScript, PHP, Chart.js*

- ▶ Developed an interactive data visualisation platform to present investment and economic insights for Zambia
- ▶ Designed an intuitive, structured interface for browsing regional data in an accessible format

Radiant Solar Zambia — Corporate Website

Tech Stack: *HTML, CSS, JavaScript, WordPress*

- ▶ Designed and maintained a responsive, modern website to strengthen the company's online presence and brand

EDUCATION

Bachelor of Science in Computer Science (Credit)

2021 – 2025

Cavendish University Zambia

Grade 12 School Certificate

2019

Makeni Ecumenical Centre

CERTIFICATIONS

- ▶ IBM — Introduction to Machine Learning (Coursera)
- ▶ DeepLearning.AI & AWS — Generative AI with Large Language Models
- ▶ DeepLearning.AI — Generative AI for Everyone
- ▶ Duke University — Programming Foundations with JavaScript, HTML & CSS
- ▶ State University of New York — How to Create a Website in a Weekend
